

Essential Corporate Income Tax Mastery for Malaysian Businesses

A Practical Programme Designed for Real Workplace Application — Not Just Theory

HRD Corp Claimable

14 Training Hours

Classroom / Virtual

IOI Boulevard, Puchong

WHY THIS PROGRAMME?

Corporate Income Tax is one of the highest-risk compliance areas for Malaysian businesses. Errors in expense claims, capital allowances, withholding tax, or documentation often result in tax audits, penalties, and additional tax liabilities. This programme equips participants to understand, apply, and manage corporate income tax correctly in real workplace situations.

WHAT YOU WILL LEARN

- ✔ Understand Malaysian Corporate Income Tax principles
- ✔ Identify taxable income correctly
- ✔ Distinguish allowable vs. non-allowable expenses
- ✔ Apply capital allowance rules and qualifying expenditure
- ✔ Perform corporate tax computation (Adjusted to Chargeable Income)
- ✔ Understand withholding tax obligations and penalties
- ✔ Comply with statutory filing and payment requirements
- ✔ Identify common tax audit risks and exposure

KEY TOPICS COVERED

Day 1 — Fundamentals & Computation

- Overview of Malaysian Corporate Income Tax
- Tax Residency & Basis of Assessment
- Income Classification (Revenue vs. Capital)
- Allowable & Non-Allowable Expenses
- Capital Allowances & Qualifying Expenditure
